Walk about in Hartlepool

Walk about in Hartlepool has received accreditation through the Ramblers Association. The accreditation endorses the quality and experience and support that the walkers can expect when taking part in a regular health walk through Walk about in Hartlepool.

Walking for health, led by the Ramblers Association is a nationwide programme aimed at improving the nation's health through walking.

What is a wellbeing walk?

A wellbeing walk is a free and local walk helping you get active and stay active at a pace that is right for you. It is a great way to start physical activity and explore your local area whilst meeting like minded people. All wellbeing walks are led by qualified volunteer walk leaders who will make you feel welcome regardless of your walking ability.

Why join a health walk?

Sometimes a walk alone in the fresh air is just what we need. But if you're just getting started and you're not sure that you want to do all your walking alone, or if you like the idea of having people around to help you stay motivated, then come along and join in.

Active Hartlepool are working with Walk into Wellness – a partnership of walking providers across the town to collectively improve the pathways for people to access physical activity opportunities to support their mental and physical health.

What do I need?

Nothing! Just a pair of suitable, comfortable shoes. Sensible clothing appropriate for the weather. All walks are free of charge. Please arrive 10 minutes before the start time.

Are you interested in becoming a Volunteer Walk Leader?

- Helping people get more active and healthy
- Receive full training with a nationally recognised scheme
- Receive ongoing support and guidance
- Meet new people
- Discover more of your local area

If so we would like to hear from you. Please contact the Sport and Physical Activity Team.

**For further information please contact the Participation Team on 01429 402896 or 07790 809677
